CONTENTS OF VOLUME XXXV

NUMBER 1

PAGE

Granodiorites in the Pend Oreille District of Northern Idaho. Joseph L. Gilson 1

The Geology of Little North Mountain in Northern Virginia and West Virginia. Albert W. Giles 32

Post-tertiary Strand-Line Oscillations in the Caribbean Coastal Area of Colombia, South America. Theodore A. Link . . . 58

Some Forms of Iron Sulphide Occurring in Coal and Other Sedimentary Rocks. W. H. Newhouse 73

Wind and Soil in the Gabilan Mesa. R. D. Reed 84

Editorial: Intrageology—Elastasy vs. Isostasy. T. C. C. . . . 89

Reviews 95

NUMBER 2

Gases of the Mount Pelee Lavas of 1902. E. S. Shepherd and H. E. Merwin 97

Estimates of Marine and Fluvial Erosion in Hawaii. Chester K. Wentworth 117

Fire as an Agent in Rock Weathering. Eliot Blackwelder . . 134

The Stratigraphical Position of the Keewatin. J. W. Gregory and B. H. Barrett 141

Formation of Clay Balls. William H. Haas 150

Concerning the Differentiation of a Lamprophyric Magma at Corbaley Canyon, Washington. Aaron Waters 158

Observations on Some Details of Wave Erosion: Wave Furrows and Shore Potholes. A. C. Swinnerton 171

Evidence of Assimilation and Assimilation Processes. T. T. Quirke 180

Research in Sedimentation. W. H. Twenhofel 183

Reviews 191

NUMBER 3

PAGE

Notes on Stress, Strain, and Joints. C. O. Swanson 193

Coast Range Intrusives of Southeastern Alaska. A. F. Buddington 224

Lasanius and the Problem of Vertebrate Origin. Henry C. Stetson 247

A Suggestion for the Simplification of Fault Descriptions. M. King Hubbert 264

On the Use of the Terms "Diabase" and "Dolerite." Albert Johannsen 270

The Hoh Formation of Washington. R. H. Palmer 276

Reviews 279

NUMBER 4

A Study of Glauconite. Hyrum Schneider 289

Fundamental Problems of the Batholiths and Methods for Their Attack. Frank F. Grout 311

The Theory of Laterally Spreading Batholiths. R. T. Chamberlin and T. A. Link 319

On the Association of Faulting with Dike Intrusion. Pearl G. Sheldon 353

Block-Faulting in the St. Croix Valley. Eunice Peterson . . . 368

Iron Sulphide Pseudomorphs of Plant Structures in Coal. G. M. Schwartz 375

Petrological Abstracts and Reviews. Albert Johannsen 378

NUMBER 5

Glacial and Interglacial Periods in Eastern Canada. A. P. Coleman 385

A Syntectic Porphyry at Porcupine. Alfred R. Whitman 404

Contribution to the Geology of Southeastern Oregon (Steens and Pueblo Mountains). Warren Dupré Smith 421

A Structural and Petrographic Study of the Glass Buttes, Lake County, Oregon. Aaron Waters 441

The Spokane Flood: A Discussion. Edwin T. McKnight 453

The Spokane Flood: A Reply. J Harlen Bretz 461

Pedestal Rocks Resulting from Disintegration. R. J. Leonard . 469

Reviews 475

NUMBER 6

PAGE

The Monroe Division of Rocks in Ohio. J. Ernest Carman . . 481

Twin Earthquakes. Charles Davison. 507

The Origin and Occurrence in Rockbridge County, Virginia, of So-called "Bentonite." Albert W. Giles 527

Recent Negative Shift in the Strand Line in Fiji and Tonga. Harry S. Ladd and J. Edward Hoffmeister 542

Natural Gases of Igneous Origin in Japan. K. Uwatoko . . . 557

The Mode of Origin of the Color of Certain Varicolored Obsidians. Richard E. Fuller 570

Reviews 574

NUMBER 7

Fault Troughs. Stephen Taber 577

Triassic-Jurassic "Red Beds" of the Rocky Mountain Region. E. B. Branson 607

Corrosion and Corrasion on Barton Creek, Austin, Texas. Philip B. King 631

Notes Regarding the Coalification Process. D. J. Fisher . . 639

The Relative Effectiveness of Bacteria as Agents of Chemical Denudation. George A. Thiel 647

Effects of Inclusions in Small Porphyry Dikes at Cornucopia, Oregon. G. E. Goodspeed 653

The Quicksands of Brazos County, Texas. Frederick A. Burt . . 663

Editorial: The Work of Walcott. T. C. C. 670

Reviews 671

NUMBER 8

Notes on the Permo-Carboniferous Reptile Dimetrodon. Alfred S. Romer 673

Grünerite Rocks of the Lake Superior Region and Their Origin. Stephen Richarz 690

The Olentangy Shale in Southern Ohio. Raymond E. Lamborn . 708

The Primary Structure of the Kekequabic Granite. J. T. Stark . 723

PAGE

THE MAJOR TERMS OF THE PRE-PALEOZOIC. J. W. Gregory and B. H. Barrett 734

EDITORIAL: THE WORK OF WELLER. T. C. C. 743

REVIEWS 745
